

Eco-San Implementation at Shree Saraswati Primary School, Dapcha

On 20 January 2023, Mr. Nimesh Shrestha and Er. Pradip Limbu visited the Shree Saraswati Primary School at Dapcha. The main objective of the visit was to form an Eco-San committee at school and to draft site areas. The site area has been visited by Er. Pradip Limbu made a measurement of the existing construction that need to be renovated for the Eco-San. The tentative draft for the construction has been listed on the site and estimation will be done after the trace draft and the design of the project site.

After overall measurement, the committee has been formed under the head of Mr. Binod Prasad Adhikari (Head Teacher at Saraswati School), SMC Chair Mr. Dharma Shree Lama, and Members from the School and the Local Community. Head-teacher of the school has formed a committee and had a focus group discussion for the implementation of Eco-San and Gardening where a team member from Rupanataran-KU gave a brief introduction of the project and explained the overall project that needs to be implemented at Shree Saraswati School. The team clearly explained how Eco-San will be initiated at the school area and the outcome after the completion of the project.

The individual committee member agreed to the implementation of Eco-San and also agreed to contribute throughout the project Eco-San and Gardening. Mr. Binod Prasad Adhikari took the initiative and promised to look after the construction sites and materials till the completion of the Eco-San and Gardening.
